Japanese Post Card Used By American

A Post Card supplied soldiers in the Japanese Army in the Solomons for writing home, has been used by an American Naval Officer for a message to his loved ones.

Japanese Post Cards Used By Americans From The Solomons

Several newspaper clippings have come to the office of the Stamp News recently telling of the use of Japanese Postal Stationery by Americans at Attu also at Guadalcanal and other points in the Solomons.

A recent clipping mentions one such card in the hands of a New Jersey collector who is reputed to have refused an offer of \$25.00 for the card.

It comes as a privilege for Linn's Weekly to print pictures, not of one such card but of two of them which were used and addressed personally by an American Naval officer of high rank while on duty in the Solomons.

But little information has been supplied, the name of the officer is withheld at his request and we can only describe these cards, one of which is illustrated at the top of this article, the other being on an inside page of this issue of the weekly.

The card above is of a comparatively light weight manilla paper, the Japanese characters at the top being printed in orange, the stamp or label in the corner which pictures a white dove perched on a helmet is also in orange. At the request of the owner, the names and addresses have been partially blocked out, the censor mark at left is circular in form, is worded "PASSED BY NAVAL CENSOR." This is in the usual red rubber stamp ink. The cancellation is circular, in black, with killer bars at right. The cancel reads "U. S. /NOV/5/NAVY." There are also some Japanese characters in orange down the right side of the card below the stamp imprint in the corner.

We do not believe we will be violating any confidence if we quote some of the message that

LIBERIAN STAMPS ARE CANCELED IN WASHINGTON

Mr. S. Hyman of Chicago submits an interesting cover which bears some of the current stamps of Liberia. Mr. Hyman calls attention to the cancellation which is the regular machine cancel of Washington, D. C. the date is June 2, 1943. Mr. Hyman states that the cover came from Monrovia, Liberia in a Diplomatic pouch which accounts for the Washington cancel as it had evidently not been canceled in Liberia.

Offering Of Choice United States Stamps By Rumark Company

A new name is found among our advertisers this week. That of the Rumark Company at 116 Nassau Street, New York. This firm has been making a name for itself that puts it up among the leading dealers of the country. Their offering to our readers is of a superb lot of United States material in singles and blocks, all offered as unhandled, with full original gum. Besides the fine items offered this week, this Company were heavy buyers at the big Morgenthau sale of September 20th to 24th, which was one of the largest sales of all U. S. material that has been offered for some time and contained many unusual sheets and other desirable lots.

The Rumark Company bought heavily of this sale and were the buyers of the choicest lot in the sale, a complete mint sheet of the rare 6c. of 1908-09 on bluish paper, Scott number 362 for which they paid \$2600.00. Several all other fine sheets were also acquired, all of which are to be broken and offered collectors in singles and blocks.

PRIVATE CANCELS ON U. S.

Referring to the article in the September 23rd issue of this paper about cancellation by private carriers on U. S. stamps, Mr. Charles Metz of Philadelphia submits a large block of the 3c Defense and a strip of three of the current 3c coll. all cancelled with a single line rubber stamp reading "Southeastern Greyhound Lines" and Lexington, Ky.

Collectors of cancellations have evidently overlooked this field entirely and it would make an excellent field for a specialized collection.

Double Luxembourg Like Double Norway Found In Colorado

From Dr. Holland A. Davis, Secretary of the American Philatelic Society, Denver, Colorado, we have news of a double print of the word Luxembourg, which we judge is similar to the double print as illustrated on the stamp of Norway in our issue of September 30.

We are first going to give you the exact wording and story as sent us by Mr. Davis, which follows, then we will express our opinion on the stamp in question.

LUXEMBOURG MINOR VARIETY.

For the "flying-speak" hunters here's a juicy morsel. The second verticle row from the right of a pane of 50 Luxembourg flag stamp, the word "Luxembourg" in blue under the flag is doubled, the faint double is seen at the left of each letter in the word which is constant in every stamp of this verticle row. All other stamps of the pane being normal and clear. On an engraved stamp, it would be called a double transfer. As these were produced by the offset process it, can only be called a double print.

Mr. P. H. Stevenson a member of the Collectors' Club of Denver discovered this variety and showed it at last night's meeting of the Club. L. W. Obenchain a printer member of the club gave a clear picture of how it happened. Obie says it was caused when starting up the press after a stoppage. The transfer rubber band or roll being slightly slack briefly touched the paper at the instant of the start of the machine before the paper settled firmly on the roll.

This could happen on a vertical roll only, if the press length sign was fed thru the press lengthwise. There being no plate number on these panes, one must look over every pane at the vertical row to the left of the black "Luxembourg" in the right upper corner.

We are not going to argue with "Obie." He ought to know about

Sixteen Different Covers Available Four Different Four Color Cachets For Collectors Who Follow Directions

Collectors of Air Mail Covers and First Flights are again offered a splendid opportunity to add to their collection a set of historic covers which besides being First Flights of a great new United States to Central America Air Line, will also rank as historic covers of this present world war.

The detailed instructions supplied by IAA are so clear and so complete that no one should have difficulty in following their instructions and we do mean follow the instructions since this is war time and monkey business can not be tolerated. You can get this

fine set of covers if you act at once. We regret that no tentative date is given for this flight, but presume from the fact that the information has just been released that there will be sufficient time for collectors in all parts of the United States to get their orders to New York if you act at once.

Hollywood Dupes Public, Fakes Quetzal Birds In New Mae West Movie

The Chicago Tribune of September 27, carried an item about how the prop men of the Hollywood movie studios plan to dupe the public with faked Quetzal Birds, so says Mr. S. Hyman in a letter of recent date.

The Quetzal bird of Guatemala is reputed to be a bird that does not live in captivity, it is the symbol and national bird of the Republic of Guatemala and is frequently pictured on the Guatemalan stamps.

It is stated that a new movie in which the gay Mae is to strut her stuff calls for some Quetzal birds and that the birds are to be faked by adding plumage, to birds of another kind.

Just what significance the Quetzal birds have in the movie is something we know nothing about, unless to show they are like Mae, "hard to get."

Stamp collectors who watch for this new movie will be more interested in the Quetzal birds than in Mae, or will they?

POLAND SPECK VARIETY

Mr. Arthur F. Simionescu of Hackensack, N. J. calls our attention to a small color speck variety that appears constant on the Poland Flag Stamp. It is on the stamp of the upper right corner, the one with name above stamp, from sheets with the invert T register mark at bottom. At the right edge of the flag is a small red dash extending out from the flag. Whether this is right or left pane is not known so both panes may not show it.

NEW V-MAIL ENVELOPES

When the V-Mail photos first started coming to our office they were enclosed in a white paper envelope. The last few that have arrived are in a brown kraft paper envelope.

offset printing but there is a flaw in his explanation which he will have to iron out before we accept his theory as to how the variety occurred.

You will note that there is no mention or suggestion that the blue of the flag shows any trace of double printing. This was the way the NORWAY double showed, no trace of a double in the red of the flag, only in the red word. Now if this were a double print as "Obie" surmises, why is the blue of the flag not double printed also. You explain that "Obie" and we will then give some credence to your theory.

The first meeting of the season
of the FLATBUSH PHILATELIC

success. Thirty members showed
up including Jake Glaser who re-
ceived a nice gift from the boys
for outstanding leadership as for-
mer President. He was all
smiles and heaped plenty of good
praise on Sol Zipser, his suc-
cessor who is doing a whale of a job
and bringing the club to even
greater heights. Here is a good
tip for you collectors living in
Brooklyn, attend the next meet-

Inflation In China Readily Explained

Those new \$50 Chinese stamps
are readily explained when we
read a clipping sent by S. A. Da-
vidson of Brockton, Mass. This
clipping from The Brockton En-
terprise is a letter mailed by some
Americans in China to their folks
at home in Brockton.

The entire letter is of interest,
but the principal points are the
high prices that are prevalent in
China, showing the inflation has
gripped that poor country and
these figures should be a warning
to we here in America.

The following quoted from the
letter will give you some idea of
prices in China which are proba-
bly higher today than when this
letter was sent on May 14th, four
and a half months ago.

Mother Brewster bought some
cloth for dresses for Betty. Cloth
was \$60 a foot in Chinese money
or \$2 in U. S. cash on the new
exchange granted missionaries of
30 to one.

An American plane flew over
Kutien in May and the score or
less of Americans and British
there got a great thrill. They har-
vested 250 pounds of wheat in
their field and this will make
about 200 pounds of flour which
will help a lot as it sells for \$5.80
a pound. Chinese money, there.

Mr. Lacy sold his old army coat
for \$5000. Chinese money, so great
is the demand for clothes and this
meant \$250 U. S. money and now
the other Kutien families are dig-
ging out things to sell. Heavy
overcoats, tuxedos and evening
dresses are going on the market
to get needed money. A lovely
satin cushion sold for \$20 U. S.
or \$400 Chinese cash. Shoes have
gone up to \$750 a pair or \$25 in
U. S. coin on new exchange or
\$37.50 on the 20 to one that proba-
bly was still the rate at the
time of the letter.

DID YOU KNOW....

that stamps bring very high prices on the current market?

We are willing and able to follow this trend and are prepared to pay high cash prices for stamps whether they are in the form of a highly specialized collection or just "dumped" into a shoe box. At the moment we are also interested in cheap and medium priced used U.S. postage and revenues in quantities of 100 or more.

Drop us a line and let us know what you have to offer won't you?

of the 1941-42 air mail issues. The 50c, Scott's type AP18, is now a rose carmine, instead of a red orange. The 3P (Scott's AP25) is a purple, and yellow brown instead of dark blue green.

—General Stamp Co.
CONGO—A set of 5 postage dues that are identical to the Belgian East Africa, and without overprint.

CUBA—A single 3c commemorative has been issued to commemorate the Centenary of Gen. Eloy Alfaro. Stamp is green in color, and pictures the

general's head and has a background of the Ecuador and Cuban flags. On the right there is a scroll with appropriate wording. (see illustration)

—H. Cohn & Co.

FRENCH EQUATORIAL AFRICA—The first stamps issued for French African combatants have made their appearances. There is a large Red Cross on each of the 2 stamps with the inscription "Afrique Francaise Combattante" and the surtax. Values are 50 Fr. on 2Fr.25 and 100Fr. on 10Fr. These are overprinted on Scott's Type A6.

GRENADA—Nine values have appeared in the War printings. Values are ½d, 1d, 1½d, 2d, 6d, 1Sh., 2sh, 5sh, and 10 sh.

—P. Goodman

JAMAICA—The London Stamp Magazine notes that the George VI pictorials have appeared in new shades and plates. Values are ½d blue green, 1d carmine, 1½d chocolate, 2d gray-black, 3d pale blue and green, 1sh, yellow-green and chocolate, and 5sh dull blue and ochre.

PORTUGAL—To note the 77th Anniversary of the founding of the Portuguese Red Cross a single stamp was issued. The stamp features the Portuguese Red Cross with the years "1865" and "1942" in the upper corners, and "Cruz Vermelha Portuguesa" at the bottom.

N. Y. Sun.

RUSSIA—Quite a few imperforates have recently appeared. They are odd inasmuch as all available information claims that they were not printed imperforate, but faulty perforating machines are the cause of these. (similar to our Presidential imperfs.) Another value is Scott's #713, of which there are supposed to be but 200 copies.

—L. Monosson

SAN MARINO—A surcharge of the 50L postage due has been reported, the new value being 25L.

SENEGAL—A 2c stamp surcharged F. M. A. for military air franchise has been released to be used on soldier's Correspondence.

TURKEY—The 1943 Child Welfare set has appeared in limited quantities. There are 5 designs. There are 2-50k values showing a child eating. One is red and dull green, the other is red and purple. The 1k blue and red, pictures a nurse and infant, the 3k brick red and carmine, nurse embracing an older child; 15k black, yellow and red, infant against the Turkish emblem; and 100k deep blue and red shows 3 grown ups and young girl. There is also a souvenir sheet with these same stamps on a gray paper imperforate, and with a special inscription.

—N. Y. Sun

VENEZUELA—Two new colorful postage stamps announced last May were issued on September 14th. One is a 7½c green, with

Poster Stamps

Elmer Anderson (PCEC 250), Box 88, Pontiac, R. I., will send any member of PCEC a block of four "Port of Providence" poster stamps and also a lithographed picture of Old Ironsides. If you desire these items, send Mr. Anderson a self-addressed, stamped envelope.

A Good Suggestion

Kenneth N. Rinker (PCEC 321) suggests that persons mailing patriotic designate on the back (if not identified by printed inscription) the publisher of the cover. A good idea.

That Old Question

Several times members have written to us in regard to the stamps used on patriotic covers. There seems to be two lines of thought along this line. There is one group of members who desire only commemorative stamps be used on their covers, and they very diligently use some of the older commemorative stamps. The other group prefers and uses the current issues—the United Nations stamps, the Win the War Stamp, and the 5-cent Overrun Nations stamps.

We would not say which is the correct way to do it. However, we maintain the opinion that the patriotic covers franked with the current issues will be, in the future, more representative of this historical war era.

A good rule to follow: If you receive a cover with a commemorative stamp affixed, reciprocate by using a commemorative stamp. No doubt the sender desires commemorative stamps to be used or he would not be using them.

Tentative Dates For Flag Stamps Are Now Announced As Definite

Dates for the opening of sales for the four remaining five-cent postage stamps of the overrun countries series are announced by Postmaster General Frank C. Walker.

The sales will open in Washington, D. C., as follows: Yugoslavia, October 26; Albania, November 9; Austria, November 23; Denmark, December 7. As soon as production permits, the stamps will become available at other post offices.

Stamp collectors desiring first-day cancellations of the new stamps may submit not more than 10 addressed envelopes to the Postmaster, Washington 13, D. C., before the designated dates, with cash or money order remittance to cover cost of the stamps to be affixed. Mr. Walker stressed that each envelope must be pencil marked in the upper right corner to show the name of the country and the number of stamps to be affixed. The Philatelic Agency, Post Office Department, does not service first day covers. Stamps of selected quality for collections may be obtained on mail orders sent to that agency, with allowance for return postage.

COLLECTING COVERS AND HOW TO KEEP THEM

At the beginning of this century, few people ever gave a thought to collecting covers. Choice stamps were clipped from what would today be a fine cover and mounted in the square in the International Album.

Perhaps the advent of air mail gave a greater impetus to cover collecting than any other one thing that we can think of. A glance at your Scott specialized catalogue will show this clearly for anyone familiar with the air mail field well knows that even with the first issue in 1918, a number of collectors started getting the first day of issue covers, yet if we take a look at the listing of first day covers of regular postage issues we find but little in the Scott listings until about 1922. It is true that the catalogue lists a few of the earlier issues, to be exact, just six stamps and prices on all of these clearly indicate that first day cover collecting was not popular until in later years.

Our own recollections do take us back to the time when we do remember of having obtained some of the issues of this period on first day covers and since that time, there is an almost unbroken listing of first day covers, right up to the present time.

It might well be said then that the advent of air mail was the starting point for a real interest in covers in this country. It is of course true that a few old timers, men like Edgar Nelson had enough foresight to appreciate and gather stamps on cover in the earlier years and perhaps we have such men to thank for the fact that so many of the older covers have been preserved. Stamps that were common and cheap in the early years of this century were preserved on cover and are today prized pieces.

Today, perhaps most collectors have some interest in covers of some nature, whether it be Air Mail first flights, dedications, First day covers of regular postage, Naval or Ship cancels or covers of any other nature. The one greatest interest today appears to be in Patriotic covers of this present war. In World War I, no such interest developed and there were comparatively few illustrated patriotics of that war.

The great problem however with covers is a means and a method of mounting or keeping them. For the collector with a craving for the rare and choice early U. S. Covers the problem is not so hard for his holdings except in the case of a "Knapp" are usually not so large but that he can afford to mount them in an ordinary album, but for the collector of many of these modern types of cover where it is readily possible to build up a collection of from 1000 to 5000 covers, the mounting and housing becomes a real problem.

My own interest in covers has run in several different directions at different times, always with a heap of material and no thoroughly satisfactory means of mounting, for with any collection, it must be mounted for best showing and mounting in a proper manner will add much to the value of any collection, no matter how trivial it may be.

On two or three occasions I have given up in despair and disposed of my collections. My interest in the current Patriotics has led me to go for them in a thorough manner and as always, the mounting problem was quick to come up for solving.

All cover collectors are familiar with the various types of albums. To mount a collection of covers I first want a method that will permit of arrangement in sequence of events, dates, or some other form. It must be possible to readily and quickly rearrange, add a cover in between some certain others or keep them in an order that makes it possible to readily locate any certain item.

I gave up albums long ago and have hit on a plan that appeals to me more than my other form or method which I have used.

I bought some of the old-fashioned letter files, those which sell at 50c to \$1.00 and have indexed sheets inside, between which letters or bills may be filed. I tore the entire insides out of these boxes or files. I then had some heavy weight cover paper cut to a size that fits these boxes quite snugly. These sheets are about 11 1/4 x 11 1/2 inches in size. I can mount three standard size covers on one of the sheets with art corners. The sheets are all loose. In mounting I have first cut a card which is just a hairline larger than the standard size envelope. I mount this card on the page, then remove it and slip in the cover. In this method covers all are transferable from one set of mounted art corners to another. Two corners at opposite corners are sufficient for a cover. With this method one can shift covers easily, the cards are kept in the files, new cards can be slipped in between any others or moved to other files. All in all, this has proven the most satisfactory method I have yet found for keeping covers and I built me a cabinet which will hold about 60 of these letter files. Everything is in order, it appears to be the solution for mounting covers.

Collectors residing in the Middle Americas are requested to contact the local TACA offices or agencies for details.

Although TACA and its U. with Japanese straw mats, and I am glad to be doing my P. G. work again.

Thank you for your letters of 16th August and fifth September recently received. It is good to know you are nicely settled in Berkeley, where they still teach math and geography! I hope you and Lucy have lots of good times together.

Please keep well and look after Julia, as well as the cat and the canaries. Best wishes and Love, Daddy."

Thus we see that our fighting men while in the far corners of the earth still have their first thoughts at home with their loved ones and this historic card will in days to come, be one of the prized Philatelic pieces of this great war.

The other card, illustrated also is of similar quality, printed in orange ink with Japanese characters at top and with an anchor in the corner. This we are told is from Japanese Naval forces, while the first card was from the Army. The cancellation is as on the other card and the censor mark is also the same.

The card is addressed to a relative of the writer and the message on the back gives us some further light on the life of our men in the Solomons for on this card the writer says:

"Here's a Japanese souvenir to bring you greetings from the Solomon Islands. Hope all is well with you. Would like to give you some of our abundant tea. Red parrots are squawking in the trees about my tent as I write this by twilight."

This too will be a philatelic piece from this world war that will rank high among the rare items and fortunate indeed is the collector who possesses one.

Miniature Newspaper Is Unusual Collector's Item

Efforts to keep the American boys in the army camps and abroad in the service, informed of the home news have taken many different forms, the forbidden V-Mail newspaper was one of the most practical yet because of the probability of swamping the V-Mail service with an item of this sort, its use was banned by the Government. The latest item is a miniature complete newspaper. The Jordan Marsh Company, leading department store of Boston has produced this paper, samples of which came to our office

AIR MAIL COVERS

SAMUEL S. GOLDSTICKER, JR. (Dept. Ed.)
453 Mt. Prospect Avenue Newark, N. J.

The first flight over the extension of the AM-24 from Shreveport, Louisiana to New Orleans, La. via Baton Rouge and Alexandria (also in Louisiana) is tentatively scheduled to take place on October 15th. You better rush your covers out now if you haven't already done so, just in case the flight does take place on the scheduled date.

Western Airlines advise that service on AM-63 (Los Angeles to San Francisco) will be inaugurated just as soon as the Army releases a plane to the company, which may be soon and then again may not be for quite some time. You better rush your covers out for this flight also, since it may be sooner than expected.

As mentioned in last week's column, Ripley, West Virginia, was added to pick-up route AM-49-A on Monday, September 27th. To commemorate the first flight, a special unofficial cachet was applied to all first flight covers in magenta ink. This cachet is surrounded by a rectangular line, and is mostly written matter "BELIEVE IT OR NOT * RIPLEY * WEST VIRGINIA * ALTHOUGH WITHOUT AN * AIRPORT, IS RECEIVING * DIRECT AIR-MAIL SERVICE * VIA AIR familiar picture of a pickup plane picking up mail while in flight, while below this is "FIRST FLIGHT * AM ROUTE AM 49-A". In the corner is R. L. Ripley's signature, which leads to the assumption that he designed the cachet. The first two lines of the cachet are in the familiar style lettering used by Robert L. Ripley for his "Believe It or Not" cartoons. Details as to cancellations, backstamps, etc. of this flight will appear in a few weeks.

Flash—In the near future, TACA, S. A., will begin service on a special foreign route between Miami, Florida, and San Jose, Costa Rica; via San Salvador, El Salvador; Tegucigalpa, Honduras; and Managua, Nicaragua. To commemorate the first flights, the company will have a series of special covers and four-color cachets; there being sixteen covers to the set. Complete information about this flight will be found in this issue.

PLASTIC MONEY

Oliver M. Arnold of Mexico, Mo., sends us specimens of the new Plastic Sales Tax Tokens now in use in Missouri. These are a brilliant red plastic, between a 5c and 25c piece in size, about as thick as a 25c piece and are stamped alike on both sides. The value is indicated on them by a figure "1" which we presume to mean 1 mill or one tenth of a cent. Used as these are they are actually money for when a tax is in fractions of a cent, these tokens are given in change and are acceptable in payment of tax, thus Missouri is actually issuing money. These tokens would make excellent poker chips if you want a few for that purpose.

LINN'S LEADS LIST

In a letter from Colonel J. A. Becker of the Third New York Regiment of the United Boys' Brigade of America, the Colonel says "in sponsoring the cachet for the 60th anniversary of the Boys' Brigade I might add that there has been more mention of Linn's Weekly Stamp News than of any other publication."

OLDEST STAMP COLLECTOR

I was surprised to read that Charles Carroll was the last surviving signer of the Declaration of Independence because he happened to be a relative of mine on my mother's side. I am the last of our family of eleven. I am 81 years old, and believe I am the oldest stamp collector in the U. S. A. I started my collection in 1870. I remember that because I came out of Paris, during the Franco-Prussian War, in a balloon, and arrived in Chicago for the big fire—from which I escaped. I also just missed the Iroquois fire and the Eastland disaster, so feel I am the lucky type.

I enjoy Pathfinder as I get firsthand news from our Capital and enough humor to keep me in good spirits.
